

# Organize your *EXPLORATORY* fishing trip with us

## The Amazon

TRIP HOSTED BY  
WELLINGTON MELO

### HOW DO THE EXPLORATORY TRIPS WORKS

## The Journey of Nature Exploration

Our exploratory trips are designed for avid fishermen with a passion for exploration, adventure, and discovery. These expeditions into nature are tailored for fishermen whose ultimate goal is to venture where fish have never encountered a lure. We seek out the most uncharted and mysterious regions of the Amazon rainforest, always pushing the boundaries to fulfill those dreams.

If you yearn to be the pioneer angler, casting your line in untouched waters, then this is the perfect opportunity. Our quests may lead us to seek out giant peacock sea bass, various species such as the Payara fanged fish, massive wolf fish, acrobatic bicuda, pacu, and a diverse array of the Amazon's renowned giant catfish. Often, we are left intrigued by the unknown species lurking in these waters, driving our passion for exploration.

Each group on these trips is limited to 8 anglers with access to floating platforms. The accommodations provided are surprisingly comfortable and offer a touch of civilization.

## Acomodations

Nobody Creates a Better  
Temporary Jungle Home!

Our most versatile Exploratory tool is our Safari Camp operation. Portable enough to go anywhere a boat or airplane can get to, it's flexible enough to provide an operating base in any terrain. We've turned exploratory camping (or maybe we should say "glamping") into an artform. Wellington Melo regularly scheduled trips all boast great food, quality wines and an open bar. So does our safari camp! Our regularly scheduled trips offer high quality rods and reels, comfortable beds, and daily laundry service. So does our camp! In fact, except for air-conditioning (we have fans) and private bathrooms (the camp provides several bathrooms with flush toilets and pump-driven showers), there isn't a lot missing. Frankly, if you've ever gone camping, this is about as good as it gets.

We come fully supplied with generators, pumps, pipes and wiring, so complete electrical and plumbing systems are put in place on our arrival. This lets us implement an array of refrigerators, freezers and

## Itinerary / General informations

- Day 0 - International travel  
Arrive in Manaus. After clearing customs, our transfer guide Will meet you and bring you to Manaus home base hotel, where you'll overnight.
- Day 1 - transfer to exploratory camp  
board our chartered floatplane and arrive at our Exploratory camp. You'll receive a thorough orientation, then relax and enjoy lunch get for an amazing Amazon Adventure.
- Day 2 - Through Day 7  
Six full day of fishing. Your angling day begins with a 5:30 AM followed by breakfast at 6:00 AM. Your guide Will be ready to depart at first light, although you can always choose to sleep-in at your leisure. Relax for an hour at lunchtime each day. Return to the lodge before dark for appetizers, drinks and bragging, followed by a delicious dinner.  
Jungle hikes and spotlighting trips can be arranged.
- Day 8
